Data Mashups

A web application that combines data from more than one source into a single integrated tool.

The remix is the very nature of the digital...The recombinant (the bootleg, the remix, the mash-up) has become the characteristic pivot at the turn of our two centuries (William Gibson, 2005)

Steve Albini and Remix Critics

- Remix is cheap and lazy
- Reuse and Recycle the work of others
- No particular talent or artistic genius
- Illegal use of the work of real artists
